## **COVID-19 Restrictions for 20-21 Seniors**

\*Please note, all rules and regulations for photographing in our studio are taken from the guidance of our county, state and federal guidelines to help stop the spread of coronavirus\*

1. Take your temperature the day of your session. If you have a fever or any symptoms of illness, please give us a call to reschedule your appointment, and your cancellation fee will be waived.
2. Due to occupancy restrictions, only 1 parent/guardian may accompany seniors inside the studio for their portrait session.
3. Any person entering the studio building MUST wear a mask. Seniors will have the opportunity to check their appearance in provided mirrors before starting their session.
4. Due to the ongoing evolving information about the spread of COVID-19, it has been decided for the safety of all students, that the black velvet drape will be unavailable for senior yearbook portraits. **Please refer to your school specific Senior Information Letter for guidelines on mandatory clothing for your yearbook headshots.**
5. To minimize the use of our dressing room, please come to your session dressed and ready to go, but please know, we do have it available if needed, and will sanitize all surfaces after each use. The dressing room is also available for anyone changing for the Extended session.

---

## **Safety Measures During Senior Portrait Sessions**

1. Stone Photography will provide hand sanitizer, as well as a hand-washing station for students and their parent/guardian in the lobby as well as in-studio.
2. All photographers will remain at least 6 feet from students while photographing. All photographers will be wearing masks during the indoor and outdoor sessions.
3. We have eliminated our Deluxe session option for this year, which normally provides an outfit change and background/prop changes in studio. This year we are offering a lower priced extended session outdoors, to provide for an outfit change and outdoor portraits for more variety.
4. Our studio will undergo professional deep cleaning in all high-traffic areas on a regular basis.
5. Any surface (including seating) that comes in contact with seniors in the studio will be disinfected after each student.
6. We have scheduled senior appointments to limit the number of people in the studio in a given time window.
